DSCSA:
Verify on Receipt™

ConsortiEX
...from Pedigree to Patient®

ConsortiEX Verify on Receipt™ Streamlines and Simplifies Your Receiving Process

---

Capture - and ACT upon - MORE data in LESS time:

- 100% barcode scanning for **ALL** shipments received
- **MORE** data (Lot Number, Expiration Dates), **LESS** FTE time
- **Automatic** T3 confirmation for received physical products
- **Instant** notification of short-ships, over-ships, and mis-picks
- **Simplified** dashboard for receiving and buying reconciliation

Instantly Detect Product Issues on Arrival:

- Identify DSCSA drugs with duplicate serial numbers
  - Within **AND** across containers
- Enable easy detection of short-dated items

Improve Recall Management:

- Easily determine if received items are recalled at the Lot-Level, vs. just NDCs
- Eliminate unnecessary inventory searches for recalled items that were not received

On-Arrival Verification Provides all Future Benefits of DSCSA Serialization Today

Outstanding Support from ConsortiEX:

- We manually review and process T3s for **NON-EDI shipments** and **drop-shipments**
- **We continuously and proactively add new EDI connections**
- Complimentary training webinars - **WE** continually train **YOUR** users, at no extra cost.
