

# Security Matters

VPL's security program is based on ISO 27001:2013 and follows HIPAA guidelines.

We are committed to protecting the confidentiality, integrity, and availability of information entrusted by our customers and business partners.

VPL has engaged a security partner and is in the process of achieving **SOC2** readiness to complete **SOC2 Type 1** by February 2023 and successful **SOC2 Type 2** by October 2023.

**Security Policies include but are not limited to:**

- Acceptable Use Policy
- Access Control Policy
- Asset Management Policy
- Encryption Policy
- Backup and Restore Policy
- Operational Management Policy
- Disposal Policy
- Incident Management Policy
- Supplier Security Policy
- Secure SDLC Policy
