

Safety | Transparency | Availability | Quality

503B OUTSOURCING

An unrelenting focus on product
quality and patient safety

About STAQ Pharma

Choosing STAQ Pharma means opting for a partner dedicated to the highest standards of quality and safety for outsourced medications. Founded with the vision to address a critical need in the healthcare industry, STAQ Pharma has set itself apart by constructing two state-of-the-art 503B Outsourcing Facilities that adhere to cGMP standards from the ground up. Our unique partnership model with hospitals ensures we meet the precise needs of healthcare providers, offering medications that are safe and effective. STAQ Pharma is dedicated to stepping in to alleviate drug shortages nationwide with an expanding and diverse portfolio.

**Bringing Safety, Transparency, Availability, and
Quality to Outsourced Medications**
